Powerful, Engaging Content

Build students' mastery in interpreting, understanding, and evaluating information across all subject areas and support multiple learning styles with this robust, inclusive multimedia service. With Streaming, students will:

- » Build background knowledge through research
- » Engage and interact with different types of text, both print and digital media
- » Identify main ideas and key details
- » Critically evaluate the information to draw conclusions
- » Cite relevant evidence to support their answers
- » Become confident, self-directed learners

With over 50% of U.S. schools using our services, we have deep-rooted partnerships and a record of success impacting teaching and learning.

6 Reasons Teachers Love Streaming Plus

1 **Appropriate and Relevant Content**

Curated by subject matter experts into content collections by grade and topic, resources include interactive activities, reading passages, audio clips, skill builders, and writing prompts that engage students and extend critical thinking.

2 **Student-Led Learning**

Support student exploration with creation tools that allow students to design, build, and share their own content, demonstrating their learning in new and creative ways.

3 **Personalized Instruction**

Streaming enables teachers to personalize instruction by assigning different resources to students in a single class, which students access through unique logins. Streaming also includes an assessment builder that provides immediate, actionable feedback, which teachers can use to understand individual student needs.

4 **Instructional Resources**

Access thousands of professional resources, such as lesson starters, training videos, instructional strategies, self-paced modules, and step-by-step guides. These practical and effective resources are created by Discovery Education's digital content experts as well as teachers like you.

5 **Unique Discovery Education Experiences**

Participate in virtual field trips and viewing parties that take your students beyond the classroom walls and into some of the world's most iconic locations for rich and immersive learning experiences. Teach students about current events with Global Wrap, a weekly recap of news from around the world in terms they'll understand.

6 **Global Professional Learning Community**

The Discovery Educator Network (DEN) is a community of education professionals that fosters valuable networking, idea sharing, and inspiration.
