6 Reasons Teachers Love Streaming Plus

1 **Appropriate and Relevant Content**

Curated by subject matter experts into content collections by grade and topic, resources include interactive activities, reading passages, audio clips, skill builders, and writing prompts that engage students and extend critical thinking.

2 **Student-Led Learning**

Support student exploration with creation tools that allow students to design, build, and share their own content, demonstrating their learning in new and creative ways.

3 **Personalized Instruction**

Streaming enables teachers to personalize instruction by assigning different resources to students in a single class, which students access through unique logins. Streaming also includes an assessment builder that provides immediate, actionable feedback, which teachers can use to understand individual student needs.

4 **Instructional Resources**

Access thousands of professional resources, such as lesson starters, training videos, instructional strategies, self-paced modules, and step-by-step guides. These practical and effective resources are created by Discovery Education's digital content experts as well as teachers like you.

5 **Unique Discovery Education Experiences**

Participate in virtual field trips and viewing parties that take your students beyond the classroom walls and into some of the world's most iconic locations for rich and immersive learning experiences. Teach students about current events with Global Wrap, a weekly recap of news from around the world in terms they'll understand.

6 **Global Professional Learning Community**

The Discovery Educator Network (DEN) is a community of education professionals that fosters valuable networking, idea sharing, and inspiration.
