

SCIENCE  
TECHBOOK™

# Inspiring the Scientist in Every Student & Teacher

Built to support the  
Next Generation Science Standards,  
**Science Techbook for NGSS**  
is a breakthrough K-12 digital textbook  
that changes the way students and teachers  
experience real-world science phenomena

## Discovery Education Science Techbook for NGSS

- » Maximizes time to prepare and deliver high-quality, NGSS-based instruction
- » Engages students with current and relevant multimedia content
- » Reinforces STEM connections
- » Provides real-time student data

*"We needed resources that were vetted, easy to use, and comprehensive. Science Techbook fit the bill. After two years, we have seen significant increases in science scores. Students using Science Techbook saw up to 11% gains in Arizona's Instrument to Measure Standards (AIMS)."*

# 6 Reasons Science Teachers #LoveTechbook

## 1 Comprehensive, One-Stop Resource

From NGSS model lessons and assessments to interactive tools and accompanying hands-on lab activities, Science Techbook packages everything teachers need in one place — easy to find and ready to use.

## 2 STEM Connections

Builds context and drives understanding of science concepts, providing students with opportunities to produce creative solutions to real-world problems and make career connections.

## 3 Critical Thinking & Scientific Practices

Science Techbook uses phenomena-driven questions as catalysts for the inquiry process, triggering students' natural sense of curiosity.

Students identify crosscutting connections and demonstrate an understanding of science through the application of scientific practices and disciplinary literacy skills.

## 4 Student Engagement

Virtual labs, videos, photographs, and nearly 2,000 hands-on labs and activities engage students to understand the relevance of science in their daily lives.

## 5 It's Easy to Use, Anywhere, Anytime

The streamlined design provides an easy-to-follow experience, accessible from any device 24/7, in any instructional setting.

## 6 Helps Teachers Differentiate

The Core Interactive Text feature blends text and media for students of different abilities and learning styles.

Students can highlight, add sticky notes, and have the text read aloud. Reading levels can be modified and text can also be viewed in Spanish.
