"We needed resources that were vetted, easy to use, and comprehensive. Science Techbook fit the bill. After two years, we have seen significant increases in science scores. Students using Science Techbook saw up to 11% gains in Arizona's Instrument to Measure Standards (AIMS)."

BARBARA REINERT
PreK-12 Curriculum Science Specialist
Scottsdale Unified School District

Available Courses
Districts that license Science Techbook for their students gain access to all grades and courses available within the series, providing even more value and flexibility for teachers and students.

» Elementary Science (K-5)
» Middle School Science (6-8)
» High School Science (9-12)
  » Biology
  » Chemistry
  » Physics
  » Earth & Space Science
6 Reasons
Science Teachers #LoveTechbook

1. **Comprehensive, One-Stop Resource**
   From specific model lessons and assessments to interactive tools and accompanying hands-on lab activities, Science Techbook packages everything teachers need in one place — easy to find and ready to use.

2. **STEM Connections**
   Builds context and drives understanding of science concepts, providing students with opportunities to produce creative solutions to real-world problems and make career connections.

3. **Critical Thinking & Scientific Practices**
   Science Techbook uses phenomena-driven questions as catalysts for the inquiry process, triggering students’ natural sense of curiosity.
   Students demonstrate their understanding of science through the application of scientific practices and disciplinary literacy skills.

4. **Student Engagement**
   Virtual labs, videos, photographs, and nearly 2,000 hands-on labs and activities engage students to understand the relevance of science in their daily lives.

5. **It’s Easy to Use, Anywhere, Anytime**
   The streamlined design provides an easy-to-follow experience, accessible from any device 24/7, in any instructional setting.

6. **Helps Teachers Differentiate**
   The Core Interactive Text feature blends text and media for students of different abilities and learning styles.
   Students can highlight, add sticky notes, and have the text read aloud. Reading levels can be modified and text can also be viewed in Spanish.
