

# A New Experience is Coming for Back-to-School 2019

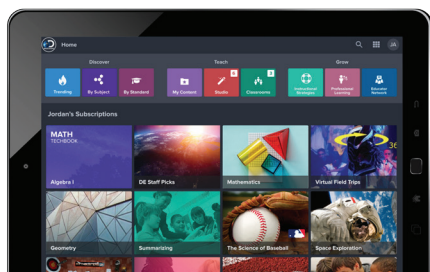

## Access to Brand New Premium Content

Introducing our Instructional Inspiration content channel, a collection of grab and go lesson activities that combine our content and strategies you love into a flexible format for modification or turnkey assignment.

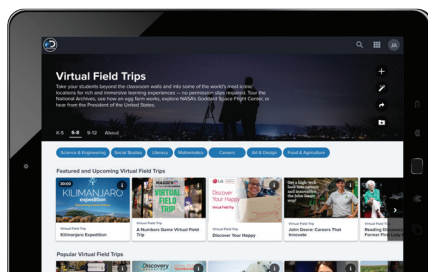

## Enhanced Navigation

A simplified user interface that helps you use Discovery Education effectively and offers improved navigation to easily take you where you want to go.

## Personalized Content Experience

An enhanced content experience that is personalized to your interests, curated by Discovery Education's curriculum team to meet your needs, and powered by instructional resources.

## Creation and Collaboration

A new creation and collaboration space that will empower teachers and students to design, build, and share content in new and creative ways by consolidating existing builder tools and enabling collaboration.
